April 2016

NEW

Canadian Pacific Road Number 3552

This 70' heavyweight mail baggage car is painted maroon with gold lettering, black roof and runs on 6-wheel passenger trucks. These cars had a 30-foot mail room that was separate from the general freight compartment for security and could be found with other RPO's and Baggage cars at the head of a passenger train.

#148 00 080...\$29.95

NEW

Milwaukee Road Road Number 817

This 70' heavyweight mail baggage car displays the standard orange and maroon scheme common on Milwaukee Road passenger equipment. Milwaukee was an important hub in the distribution of freight and mail through most of the 20th century. As a result, Milwaukee Road fielded a large and varied fleet of cars designed to deliver the mail from the Great Lakes to the Pacific Ocean. These cars had 30-foot secure mail rooms and 40' baggage compartments.

NEW

Fruit Growers Express Road Number FGEX 1100

This 51' rivet side mechanical reefer is painted white with light blue band and runs on Roller Bearing trucks. This particular car was used as a demonstrator for EMD featuring their "FRIGI-FRATER" upgrades being sold to owners of existing fleets of mechanical reefers.

#069 00 200...\$24.75

NEW

Wabash Valley Road Number WVRC 8161

This 50' rib side box car with single door and no roofwalk is yellow with red and white logo and black lettering and runs on Barber Roller Bearing trucks. Wabash Valley RR was a short line that operated in southern Illinois and parts of Kansas for only 5 years on former PRR track. In order to compete with area railroads, the WVR bought into the Per Diem program and was able to upgrade their small fleet with modern equipment.

Great Northern Road Number 38063

This 40' double-sheathed wood box car with 1-1/2 door and vertical brake wheel is brown with white lettering and runs on Andrews trucks. Built in 1923, as part of series 38000-38499, by American Car and Foundry in Detroit, MI the 3,645 cu ft. auto carrier featured a reinforced fishbelly underframe. The 72" forward-facing Rocky is typical of the road's herald configuration from 1922 to 1935. Rocky was later seen in side-facing silhouette.

#041 00 030...\$21.95

Western Pacific® Road Number 6051

This 50' steel side fixed end gondola with low cover is painted black with large orange Western Pacific feather and yellow lettering and runs on Barber Roller Bearing trucks. Built in 1945 by Mt. Vernon Car Co. as part of series 6501-6600, this gondola is one of 10 re-numbered cars 6051-6060 that were converted to steel bar service. WP picked up part of the steel contract with the giant US Steel. They received both SRE (Standard Railway Equipment) roofs and moveable bulkheads.

COMING AUGUST 2016

In the late 1930s Santa Fe's passenger cars began to modernize with the introduction of the fluted-side Budd Passenger cars. Faced with integrating their smooth-side Pullman Standard cars into the consist, the company decided to repaint the cars silver with faux fluting details using black faded stripes to match the Budd cars. This was known as Shadow-Stripping and remained on the cars well into the 1950s.
