The H. J. Heinz Company, more commonly known as simply HEINZ, is an American food processing company that was founded by Henry John Heinz in 1869. With humble beginnings, Henry and friend Clarence Noble, began manufacturing horseradish in his father's basement. The company would later expand to include tomato ketchup in 1875 and eventually over 60 food products by the mid-1890's. HEINZ introduced its "57 Varieties" slogan in 1896 which was included on many of their very colorful billboard reefer cars. By 1919 the company had grown to over 6,000 employees and 25 factories and relied heavily on their fleet of over 700 railroad cars to transport their food products across the country. The Western Depot Rainier Beer 36' Wood Reefer

The Rainier story is one of a pioneer city and an entrepreneurial family of legendary proportions. Seattle grew up fast as a center of the lumber and fishing industries. The loggers and fishermen grew thirsty and the brewing industry naturally followed. In 1878, Rainier Beer was launched, 11 years before Washington became a state. The brand name became so ubiquitous that many people believed that the snowcapped 14,410-foot mountain was named after the beer.

Price - \$49.95 per car (\$6.95 US shipping / \$15.95 International Shipping)
