Norfolk & Western
Road Number *NW1671*

N
SCALE 1:87

This 78' heavyweight single-window coach is maroon with buff lettering and runs on 6-wheel heavy-weight passenger car trucks. Built in May 1918 by Bethlehem Steel, this car belonged to a series of 74 cars. It was used by Norfolk & Western in revenue service until 1964 when it was sold to Pennsylvania Railroad. Norfolk & Western was a Class 1 railroad which operated on the east coast from 1838 till 1982. It then combined with Southern Railway to form Norfolk Southern.

Rock Island
Road Number *ROCX 15100*

N
SCALE 1:87

This 100-ton 3-bay open hopper with rib sides and coal load is black with white lettering and runs on Bettendorf trucks. Several hundred of these cars were built in the late 1950s and refurbished en-masse in the mid to late 1970s, and were painted in various iterations of the Rock Island point scheme. This car was lettered for the Rock Island Improvement Company, a private owner/lessor founded to continue some operations after Rock Island entered bankruptcy.

NEW

Erie
Road Number *ERIE 2280*

N
SCALE 1:87

This 78' heavyweight single-window coach is pullman green with gold lettering and runs on 6-wheel heavy-weight passenger trucks. Built in the 1910s, this car was used by Erie Railroad in revenue service until the mid-1960s before being retired. Erie Railroad was founded in 1832 and originally connected New York with New Jersey. Through mergers, it became Erie Lackawanna Railroad in 1960 and grew westward. It was ultimately rolled into Conrail in 1976.

Pirrone & Sons
Road Number *SHPX 4024*

N
SCALE 1:87

This 39' single dome tank car is aluminum with black belly and runs on Bettendorf trucks. Built by American Car & Foundry in May 1937 for Shippers Car Line, and leased for Pirrone & Sons California Wines, this car belonged to a 5-car series. Pirrone & Sons was founded by Frank Pirrone, Jr, who purchased vineyards in Salda, California in 1919, originally as a grape supplier, and entered the wine producing business in 1936.

#065 00 066...\$29.95

Accepting Orders for July Releases Beginning June 30th • All Prices U.S. Dollars

New York Central Road Number NYC 78777

This 50' standard box car with plug door is green with white lettering and runs on Barber Roller Bearing trucks. Built in August 1964, this boxcar also featured a cushioned underframe. Used to transport fragile and temperature sensitive products, they were used through the 1970s before being repainted or retired. New York Central was a large Class 1 railroad founded in 1853, with over 11,000 miles of track in eight Eastern states.

#032 00 520...\$26.90

Northern Pacific Road Number NP 1213

This 50' standard box car with 10' single door no roofwalk and short ladders is green with white lettering and runs on Bettendorf trucks. Northern Pacific operated from 1864 to 1970, and ran a nearly 7,000 mile network across the northern United States. NP merged with other lines in 1970s to form Burlington Northern, which is now BNSF.

#180 00 180...\$26.90

Conrail Road Number 888635

This 3-bay covered hopper, with elongated hatches is brown with white lettering and runs on Barber Rolling Bearing trucks. Built in 1966 by American Car & Foundry for Pennsylvania Railroad, this car soon found its way through several mergers of Penn Central, and later Conrail, where it became part of a 177-car series. This car was used exclusively for grain loading.

Chesapeake & Ohio® Road Number C&O 21457

This 50' standard box car with single door is blue with yellow bands and runs on Roller Bearing trucks. Designed for C&O's Less-than-Carload service, this car was one of six specially painted for viewing by company stockholders in 1957, using the newly adopted Futura lettering style and featuring a yellow sill stripe to increase nighttime visibility. Ultimately, the LCL program did not have the required demand to be successful, and these cars were later painted back into standard fleet colors.

NEW 60' Ribside High-Cube

National Steel Car company was one of three manufacturers enlisted by Trailer Train Company to build their new fleet of 60' excess height boxcars in 2003. These heavy-duty cars featured double plug doors giving the customer a 12' opening to easily load everything from paper products, appliances to consumables. Referred to as "Super Duty" cars, they join the growing fleet of "Plate F" cars providing higher capacities for shippers looking to streamline their deliveries. Our model will feature fine mold detail and micro-fine printing, separate end ladders and brake rod detail, etched-metal brake platforms and painted underframe. The car will also have correct ride height with body-mounted couplers and all-new 36" metal wheels!
