July 2021

NEW

Frisco

Road Number SL-SF 91062

This 33' twin bay hoppers with offset sides are black with white lettering and run on Bettendorf trucks. Built in 1949, this car belonged to an order of 800 cars built by Pullman-Standard. Throughout its life it was used for multiple aggregate materials, such as coal, coke, and various ores, and continued on the active roster through the early 1980s before being retired. Frisco was founded in 1876 and operated 6,500 miles of track before being absorbed by Burlington Northern in 1980.

#055 00 610...\$25.80

NEW

Union Pacific®

Road Number UP 14521

This 3-bay covered hopper is aluminum with red and black lettering and runs on Barber Roller Bearing trucks. Built in 1967, this 4,750 cubic-foot covered hopper belonged to Class CH-90-13 and continued in service through the mid-1980s. With a 263,000-pound gross weight, this car was used for transporting lightweight granular commodities. Today, Union Pacific is still one of the largest Class 1 Railroads with over 32,000 miles of track.

NEW

Southern Pacific®

Road Numbers SP 323141/323211

These 50' steel side, 14 panel, fixed end gondolas with fishbelly sides are brown with white lettering and run on Barber Roller Bearing trucks. Built in 1976, this car was used in general service, and could be found hauling an assortment of commodities, including structural steel, scrap metal, and industrial parts. Southern Pacific was founded in 1865 and operated until 1996 when it was rolled into Union Pacific.

Amtrak® 50th Anniversary Car

Founded in 1971, Amtrak is the largest North American passenger rail network serving more than 500 destinations in 46 states, the District of Columbia and three Canadian provinces. Amtrak is celebrating its 50th Anniversary in 2021. In recognition of this achievement, Micro-Trains' modernized business car features Amtrak's first livery, known as Phase I, gracing one side and the current Phase VI livery on the reverse.

N Constellation Zodiac Cars

Accepting Pre-Orders through July 31st

Micro-Trains is excited to announce the release of twelve N Scale cars featuring the ancient constellations that make up the Zodiac. The Zodiac is an area of the sky that correlates with the path of the Earth's movement. These constellations are perceived patterns or outlines in the sky used by many cultures throughout history. Micro-Trains will be offering twelve individual cars. When illuminated, using the magnetic wand, the Zodiac symbol will be displayed. Contact your dealer to pre-order today!

N Norfolk Southern Weathered MOW 5-pack

Accepting Pre-Orders through July 31st

Most every railroad in North America has an extensive network of track that requires constant maintenance, sometimes far from home. This train set represents a typical deployed residential train that would be located on a siding and provide living quarters, power and supplies to the crew for extended periods of time. The Norfolk Southern MOW set includes 3 flatcars, one gondola and a 50' boxcar, plus parts to complete the train. This multi media kit includes a combination of resin castings, 3D printed accessories and laser cut detail parts. The train consists of two crew trailers, one mobile generator car, a gondola with a load and a boxcar with a modified roll up door. The freight cars will come fully decorated and weathered, ready to run on your layout. Contact your dealer to order today!

*Access ladders, end stanchions, railing and custom printed decals for the loads will be included. Resin components will be painted.

*Renderings shown for representation only.

Raleigh Rails- P&N Caboose

Built at the Greenville, S.C. shops in the early 1950's. It was originally equipped with a windmill generator on top of the unit. It kept its bright red livery until 1969 when the railroad was absorbed by the Seaboard Coast line. Today the unit is housed at the Greenwood Railroad Historical Center, Greenwood, S.C.
