Union Pacific®

Road/Numbers: UP 507406/UP 507413

These 50' box cars with Bettendorf trucks were re-built in 1968 for Union Pacific for use in general service, transporting non-temperature-sensitive commodities, and featured a bright "red dot" paint scheme. Union Pacific continues to operate today as one of the largest Class 1 railroads in North America with over 32,000 miles of track.

Burlington Northern

Road/Number: BN 247264

Built in the late 1950s by Great Northern, this 4,958 cubic foot capacity double-door boxcar with Bettendorf trucks had a 50-ton capacity. It was eventually transferred to Burlington Northern and used through the 1980s before being retired. Burlington Northern was formed through the mergers of Great Northern and Northern Pacific in 1970, and then merged with ATSF in 1995 to form BNSF.

B&O Chessie System®

Road/Number: B&O 9151

This F-20-Class flat car with Bettendorf trucks was built in 1956 at B&O's Du Bois shops and rebuilt by Chessie System in 1975. It was used in a general-purpose capacity, often used to transport large industrial and structural cargo. Chessie System was formed through the 1972 mergers of Chesapeake & Ohio, Baltimore & Ohio, and Western Maryland. It was one of the largest Class 1 railroads until 1986 when Seaboard System merged with Chessie to form CSX Transportation.

'Rum Runner' Prohibition Train Set

Accepting Pre-Orders through February 28th

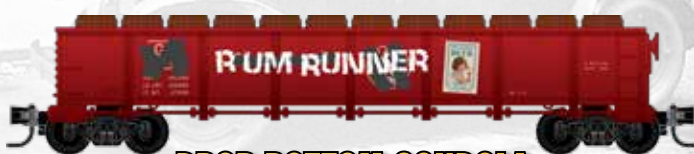

**WELCOME
BACK TO THE
ROARING 20'S!**

On January 17, 1920, Prohibition went into effect, banning the manufacture, transportation, and sale of intoxicating liquors. People who wanted to keep drinking found inventive ways to do it. Illegal manufacturing and sale of liquor (known as "bootlegging") became prevalent throughout the 1920's and early 1930's. Our N Scale Rum Runner Set depicts one method of smuggling alcohol throughout the United States at that time. Contact your dealer to pre-order this set today!
