Seaboard System[®]
Road/Number SBD 247210

This 4,650 cubic-foot 3-bay covered hopper with Barber Roller Bearing trucks was built in 1964 for Louisville & Nashville. The L&N was a Class I railroad with just over 6,000 miles of track across the South-east US, before being merged into Seaboard System in the early 1980s. This car was repainted and re-lettered into the Seaboard System scheme in 1984.

Milwaukee Road
Road/Number MILW 62192

This flatcar with Barber Roller Bearing trucks was built in 1976 for Milwaukee Road to carry lumber, structural steel and pipes, as well as logs and other long commodities. The reinforced bulkheads provide load protection as well as prevent shifting during transit. Eventually, Montana Rail Link became the owner of the car and it was repainted into MRL colors and was used for hauling timber.

Norfolk Southern 40th Anniversary
Road Number NS 8222

NOW AVAILABLE!

Norfolk Southern is celebrating their 40th Anniversary in 2022, and in recognition of this achievement, this 60' high-cube boxcar features a design based on heritage locomotive paint schemes. Founded in 1982 through the mergers of Norfolk & Western and the Southern Railway, Norfolk Southern grew further in the late 1990s with the acquisition of just over half of the trackage and assets of Conrail Corporation. Today, NS is one of the largest Class 1 Railroads with over 30,000 employees and operates nearly 22,000 miles of track in the Eastern and Midwestern United States.
