These kits will come fully factory weathered and decorated using state-of-the-art printing technology, replicating high-detail realistic weathering for the first time in HO Scale!

Our realistic printed weathering and graffiti are blended with airbrush weathering for maximum immersion.

Detailed Rust

Prototypical Markings

Ghosting/Fading of Previous Scheme

Proto-Inspired Graffiti

Blended Airbrush Weathering

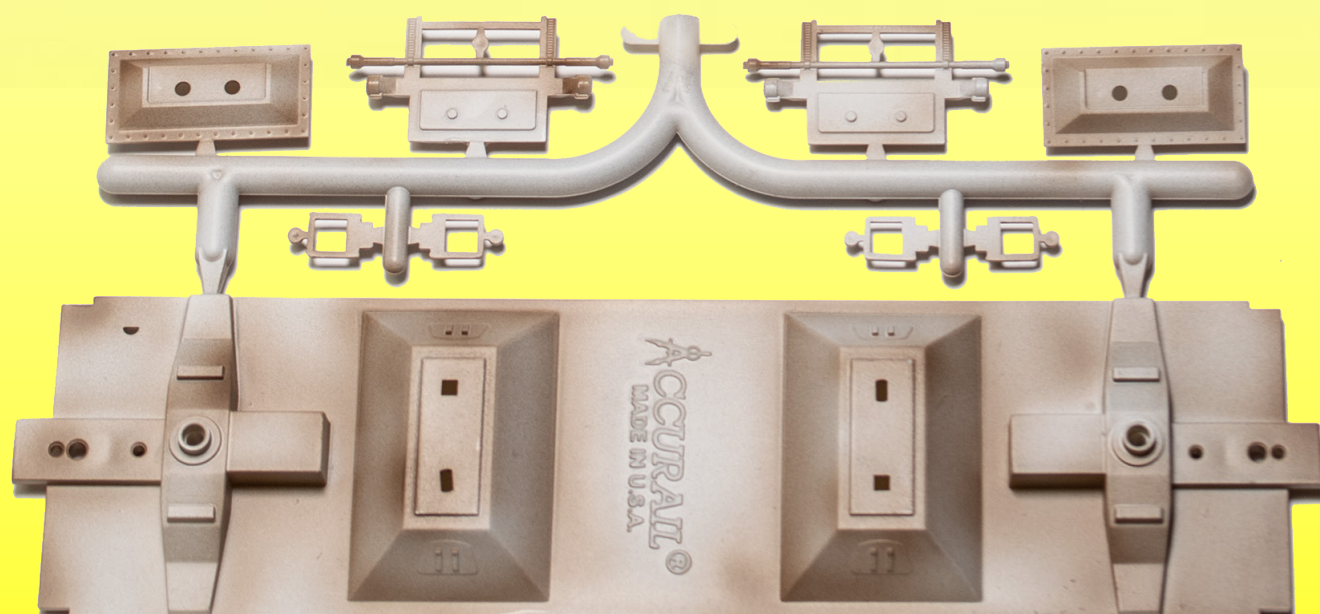

Easy-to-assemble kit will feature Accurail<sup>®</sup> high-detail tooling, trucks, and tried-and-true Accumate<sup>®</sup> couplers.

Kit will include everything you need to get these stunning weathered and graffitied freight cars rolling on your home layout or attracting attention at the club!
