May 2020

The Sun
Road Name: *Orbital Center*

New Solar System Series!

These 60' excess height box cars with modified sides are black with yellow sides and run on Barber Roller Bearing trucks. A giant sphere of super-heated plasma, our sun is constantly fusing hydrogen into helium. Making up 99% of all the mass in the solar system, the sun drives the seasons, weather, climate and is essential for life on Earth.

With Interior Light
#102 00 830...\$36.95

Magnetic Wand

Without Interior Light
#102 02 830...\$27.95

Mexene
Road Number *ART 426*

This 40' double-sheathed wood reefer is brown with yellow sides and runs on Arch Bar trucks. Built by AC&F in 1911, this Class RS reefer was owned by American Refrigerator Transit and leased to Walker's Austex Chili Company, advertising Mexene Chile Powder Seasoning in the 1930s.

#047 00 430...\$27.95

Atchison Topeka & Santa Fe
Road Numbers *521583/521585*

These 50' rib side box cars with plug door and no roofwalk are red with white lettering and run on Barber Roller Bearing trucks. Built in late 1969 by Atchison, Topeka & Santa Fe, these Bx-137 series boxcars were two of 433 built in a two-year period. They are an insulated boxcar with Santa Fe's "Super Shock Control" underframe cushioning, and also feature load dividers and sidewall fillers.

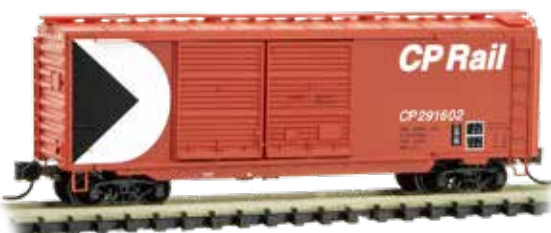

#027 00 451...\$29.90
#027 00 452...\$29.90

Canadian Pacific
Road Number *CP 291602*

This 40' standard box car with double doors is red with white lettering and runs on Bettendorf trucks. Rebuilt in 1975 by the Canadian Pacific's Weston Shops, it was originally built by Canadian Car & Foundry. Canadian Pacific is one of North America's largest Class 1 railroads, with more than 12,500 miles of track in Canada and the United States.

#023 00 420...\$27.80

Bear Creek Vineyard Association
Road Number *CDLX 307*

This 40' double-sheathed wood reefer is brown with orange sides and runs on Bettendorf trucks. Owned by California Dispatch Line, and leased by Bear Creek Vineyard Association of Lodi, California, this car was technically a tank car in function, despite having the exterior form of a reefer. Commonly seen with CDLX cars, this TW class car had six large wood tanks inside and the exterior wood sheathing helped to further protect the car from the elements.

GRAPE-TO-GLASS SERIES #4!

#049 00 890...\$29.95

Accepting Orders for May Releases Beginning April 30th • All Prices U.S. Dollars

Norfolk Southern Road Number SOU 900348

This 50' standard box car with 10' single door, no roofwalk and short ladders is grey with black lettering and runs on Roller Bearing trucks. Built in April 1979 for Southern Railway, this 50' general purpose boxcar has a 4,954 cubic foot capacity and a maximum gross weight of 177,000 pounds. It later became the property of Norfolk Southern through the merger of Norfolk & Western and Southern, and was relegated to maintenance of way service.

#180 00 150...\$23.80

Pennsylvania Railroad Road Number 67368

This 40' standard box car with double doors is freight car red with white lettering. Built in 1941 by Pennsylvania Railroad, it was used to transport automotive parts such as body panels and transmissions. Belonging to Class X37B, it was used in revenue service through the 1970s before being retired.

#023 00 330...\$26.40

CSX® 48' Containers

These 48' rib side containers are white and aluminum with Transamerica logo and black lettering. These ex ICSU containers have been re-lettered for CSX. At 48' in length, these containers are commonly seen filling the space in the bottom position of intermodal well-cars, with equal-length or longer containers above them.

Chesapeake & Ohio® Road Number C&O 21463

This 50' standard box car with single door is blue with yellow band and runs on Roller Bearing trucks. Designed for C&O's Less-than-Carload service, this car was one of six specially painted for viewing by company stockholders in 1957, using the newly adopted Futura lettering style and featuring a yellow sill stripe to increase nighttime visibility. Ultimately, the LCL program did not have the required demand to be successful, and these cars were later painted back into standard fleet colors.

CSX® Tie-Loader 3-pack

Accepting Pre-Orders through May 31st

Used by CSX Transportation in a maintenance of way capacity, these gondolas are seen throughout the CSX rail network. CSX uses an excavator with a grapple to lift railroad ties in and out of the gondolas, replacing rotted ties with fresh ones. Extensions have been added to the sides of the gondolas to increase their capacity for railroad ties.

*The tie loader is made of 3D printed and resin cast parts with an etched-metal claw and includes cab window decals. Loader parts come cleaned, unassembled and unpainted. Ramp will be laser-cut laser board, painted yellow and unassembled. Gondola side extensions will be laser board and decorated to match weathered gondola, but not installed. Two rail tie loads will be resin cast and decorated.

*Renderings shown for representation only.

COMING OCTOBER 2020

#993 02 100...\$109.95

Humvee® 2-packs

Accepting Pre-Orders through May 31st

COMING AUGUST 2020

Need more Humvee® vehicles on your military consist or layout? You can now get our N scale Humvee separately as an undecorated unassembled kit or a decorated and partially assembled vehicle! The decorated vehicles will come painted with our factory Olive Drab and/or Tan paint and will include printed headlights and taillights. The interior window, shell and underframe will be assembled together, however the extra wheel, snorkel and etched-metal pieces will not come installed. The etched-metal pieces will be painted the same color as the vehicle. The undecorated Humvee comes unassembled so you can easily decorate to your desire. Specific assembly and decorating instructions and recommendations are available on the 'How To' page at Micro-Trains.com.

COVID-19 UPDATE

Dear Customer and Dealer,

We have received inquiries in recent days asking if we are still open, so we wanted to confirm that we are still operating and processing orders. The executive order 20-12 from our governor issued back on 3/23/20 did not require manufacturers to close as long as they are able to adhere to various social distancing measures and implement other precautions. Micro-Trains has made a number of changes here that are in accordance with federal and state health authorities to protect our employees and our customers.

Please continue to watch our website for new releases and check in to the Micro-Trains Facebook page to stay up on the latest here at MTL.

We wish everyone the very best during these difficult times.

Stay well,

Eric Smith
President & CEO
Micro-Trains Line Co.
