

Southern Pacific[®] Road Number 401296

Built in March of 1957, this PS-2 bay hopper with Bettendorf trucks, was purchased by Southern Pacific in an order of 450 cars. The Pullman-Standard all-welded steel, 2,003 cubic-foot two bay covered hopper would become one of the most popular cars of its type with railroads and private industry. It was designed to haul everything from powdered chemicals, to grains, to construction materials such as sand or cement.

SP is a registered trademark of the Union Pacific Railroad.

#095 00 072...\$45.95

General American Transportation Road Number 30833

Built for General American Transportation Corporation in 2007, this 25,000 gallon 56' general service tank car with Barber Roller Bearing trucks was leased to the Renewable Energy Group for biodiesel transportation. General American Transportation Corporation, now known simply as GATX, is a large railcar leasing company, with over 122,000 railcars in the fleet.

Will Ship With Subsequent Orders After July 6

#110 00 590...\$35.95

Canadian National / ICG Road Numbers 245605, 245632

This 50' gondola with Barber Roller Bearing trucks was built in the late 1970s for Illinois Central Gulf. It later made its way to the Canadian National Railroad through the 1998 merger. Canadian National is one of the largest railroads headquartered in Canada, with over 20,000 miles of track and service from Canada into the United States.

Medford, Talent, & Lakecreek Freelance RR

Accepting Pre-Orders Through July 31st

The Medford, Talent and Lake Creek Railroad was established in 1918 to help local Rogue Valley communities move commodities to the Southern Pacific interchanges. The success of the model shortline in the early days brought not only commercial interests, but tourist traffic to the region. With the completion of track to the coast in 1929 the Rogue Valley flourished as did the MT&L RR enabling both to survive the coming Depression and Beyond.

Clean and Weathered Conrail Trailer 4-Packs

The Conrail Trailvan service was Conrail's North American intermodal brand, and in the 1980s and 1990s, these trailers could be found in intermodal service nationwide. New York Central merged with its rival, the Pennsylvania Railroad, in 1968 to form Penn Central, which went bankrupt two years later and was merged into Conrail in 1976.

Union Pacific® ArroWedge®

Accepting Pre-Orders Through July 31st

Developed by Union Pacific® in 2013, the ArroWedge® is designed to improve the aerodynamic drag of double-stack trains and have a positive environmental impact during operations. At 48' long, this tapered housing fits on top of the lead well car container and its efficiencies result in a decreased amount of locomotive power necessary to pull a train, lower fuel costs, and less exhaust.

Southern Pacific® Overnight 8-Pack

Accepting Pre-Orders Through July 31st

In an effort to provide fast "door to door" freight service, the Southern Pacific Railroad developed what would be famously known as "The Overnight" train to deliver critical cargo by the next morning. The first of these fast trains began service in 1936 and fielded unit trains overall black with high-speed trucks. The black cars stayed in service until 1956 when the scheme changed to overall silver.
